

## Toys Lamp

Kenji is a big fan of lego since childhood, with a handful of colourful small bricks, he is able to create his own universe. With this concept, Kenji carefully colour the gemstones and stick them on the VIBIA lamp randomly. Associating with the happy moments with lego in childhood, Kenji wishes to wake up the innocent children in everyone's soul.

設計意念源自小時候大家都喜歡的樂高積木，色彩繽紛的積木，千變萬化的搭配加上創意無限，小小的玩具就可以發揮無窮想象力，讓人創造自己的小小宇宙。Kenji深信設計應該以人為本，帶給人快樂的感覺，所以用石春代替樂高積木，每顆小心上色並根據心情而隨意擺放於燈上，所以這是一盞獨一無二的燈飾，也希望藉此喚醒每人心裡的童真一面。
